

ESSENTIALS OF INTERNAL AUDIT 2-DAY INTENSIVE TRAINING PROGRAMME

IN COLLABORATION WITH LONDON INSTITUTE OF BUSINESS & TECHNOLOGY AND
FOCUS EDUCATION CENTRE
ON 30TH & 31ST MARCH 9AM ONWARDS AT SALT CAFE

INTRODUCTION

Changes in the regulatory and corporate governance environment have significantly increased the expectations that many stakeholders place on the internal audit function. 'Essentials of Internal Audit' guides internal auditors through the required standards for performing the internal audit. It covers up-to-date tips and tools to accomplish the audit in an efficient, flexible, and results-based manner in order to support the organization's strategic objectives, improve its sustainability and leverage its ability to face future challenges.

COURSE CONTENT

- Risk and internal audit overview
- Internal audit standards
- Types of internal auditing
- Internal audit implementation: fieldwork guidelines
- The fieldwork: risk-based auditing
- Fraud

TARGET AUDIENCE

Delegates with some experience in auditing, junior auditors or professionals from finance or other departments looking to develop a focused and best practices approach and techniques to the internal audit function, supervisors and managers who are interested in updating, upgrading, and refreshing their knowledge in internal audit.

ENROLL

Call Ms. Shana at 9775004 to enroll for the programme.
